Dear Mr. Rich,

I am writing on behalf of the Board of Trustees of the Congregational Church to express our appreciation of the work you did in the remodeling of our church.

We are aware not only of the fine workmanship which went into this enterprise, but of the fact that through your efforts we received the best of cooperation from all the men and that the work was on schedule all of the way. We are all very happy with the result and we think you should have a comparable sense of pride and gratification in the knowledge that you made so considerable a contribution yourself. For this we thank you most warmly. Please extend our thanks to Jake Bond and Cutting for their good work and their patience with our whims. I think you will agree it was worth the trouble to have things come out so well. Everyone admired the interior and I think we have one of handsomest interiors in New England as a result of all the thought and work that went into it.

For your very large share and part in this enterprise our most heartfelt appreciation. Thank all of the boys for us too.

Cordially yours,

*John H. McDice*
