Dear Larry:

Now that we have almost completed our first winter in our new facility in Norwich, I want to let you know what a terrific job Trumbull-Nelson did for us from start to finish. Paul Tremblay and Cam Brown held up admirably under a constant barrage of changes, managing to keep the job rolling along with consistently high quality throughout.

What also impressed us was your ability to find such excellent subcontractors who quickly understood exactly what we were looking for, and also maintained their manpower levels to get the job done.

Thank you so much for a job well done. We would not hesitate to work with you again on our next project.

Sincerely,
